Kevin's Water Cartage insurance claims history is testament to safe work procedures. KWC have not made any Workers Compensation claims during our 19 years of operation.

Kevin's Water Cartage Operators are experienced, well trained and happy team workers, they have a safety focus, and have valid licences, white safety cards, watercart tickets and current inductions for water authority sites.

Kevin the founder of Kevin's Water Cartage is closely involved in every aspect of the business, you can discuss your specific needs with Kevin.

Kevin's Water Cartage has been in operation since 2003 and the fleet stand out on the road and on site, as clean, reliable and fit for purpose.

Service schedules are followed & history collected for the young fleet.

The fleet of watercarts is based at the Kewdale workshop, 15 Chisholm Crescent. To ensure minimum downtime the workshop has a diesel mechanic on site with facilities including a mechanical pit, washdown bay, tyre fitting machine & stocks of parts. The

service truck is fully outfitted for onsite repairs making us the most reliable watercarts in WA.
